

# Earn to Learn Internship

The Earn to Learn Internship is available to college students to build career-ready skills in natural resource management. The internship provides:

1. One 4-semester hour course at Iowa Lakeside Laboratory.
2. \$10/hour pay for work related to internship (40 hours a week for 8-10 weeks; aquatic invasive species patrol, water quality monitoring, stormwater assessment, grounds maintenance on Lakeside's campus, etc.).
3. Room and meals at Iowa Lakeside Laboratory for the duration of the internship.

The internship runs from mid-May to early August (exact dates are negotiable).

The internship is a partnership between the Okoboji Protective Association (OPA) and the Clean Water Alliance – Water Quality Commission grant.

## Eligibility

The Earn to Learn Internship is available to college students pursuing degrees in natural resources, environmental science or related fields.

## Application Process

Applicants should e-mail the following to the Lakeside Lab Director at [Mary-Skopec@uiowa.edu](mailto:Mary-Skopec@uiowa.edu)

1. A cover letter
2. Resume or CV
3. Statement of career interest and goals
4. Unofficial transcripts
5. Letter of recommendation

There will be two rounds of application. Candidates not chosen in the first round may be selected in the second round (application will remain active for second round consideration). We expect to hire seven interns for this summer.

First round deadline is **March 1**.

Second round deadline is **April 1**.
